

Virtual Foster/Adoptive Parent Preservice Training

“VIRTUAL” training allows you to participate in preservice training from your home or other location where you have internet access (it is not recommended that you utilize a smart phone for virtual training). The virtual program incorporates two types of classes:

REAL-TIME Training Classes: Our trainer presents course material live, at a designated time, and participants watch and participate as if they were attending a regular class. Modules 2, 4, 7, and 10 are provided in this format. You must complete all modules in a single round of training.

SELF-PACED Training Classes: Seven modules are provided by Foster Parent College and are available as self-paced classes—taken at your convenience. There are no specific dates to attend, but you are encouraged to complete the entire curriculum in one session, along with the real-time classes. Preservice modules 1, 3, 5, 6, 8, 9, 11 and 12 are self-paced. You must register in advance before beginning the virtual program, and after completing module 1 (orientation), you are responsible for downloading your training certificate and writing in your information. If you do not download and print the certificate, you will be asked to re-take this module. After modules 1 through 11 are completed, a NWORTC representative will contact you to schedule Module 12. You have two weeks to complete Module 12.

~ 2022 Virtual Training Schedule ~

Module Name	Training Type	Training Date(s)
